Coronavirus Update  
March 4, 2020

The district is working with local, county and state officials to plan for our response to a possible outbreak in our area. While there have not been any cases identified at this point, we want to be prepared in advance. As we plan we will continue to update the public.

In the meantime, please continue to:

- Wash hands thoroughly
- Avoid touching eyes, nose and mouth
- Cover mouth when coughing and sneezing
- Keep children home who are exhibiting symptoms they must be fever free for 24 hours without the use of fever reducing medicines.
- Contact the school nurse to report any illnesses

The district is continuing to sanitize the facilities daily to help prevent the spread of germs. We are also waiting for guidance from the NJ Department of Education regarding plans in the event of a mandatory long-term school closure. This link below from the NJ Department of Health further explains the precautions schools can take now to help prevent the spread of the Coronavirus.

**If you are traveling internationally please follow the guidelines from the [CDC click here.](#)**
