## **Denville Community Facilities Concerns and Possibility of Leasing St. Mary's Prep September 20, 2019**

The Denville Township School District has been grappling with the lack of instructional space for over two decades. Thankfully in the school year 2018-19 the district was able to eliminate the use of substandard space (trailers, hallways, etc.) for instruction. Due to several factors explained in the presentation and information linked below, the availability of instructional space is still a concern.

### **Important facts and links to information:**

- In June of 2019, Saint Mary's Prep closed and is now available as a possible lease for the district. *This is an ongoing process and nothing has been decided including the terms of the proposed lease.* The church and diocese are not interested in selling the building.
