Background:

After five years of planning, the Denville Township Board of Education and the Township of Denville collaborated on finding a new space for the Board of Education central offices. In 2010, the former Board offices were closed due to disrepair. Since that time the Board of Education offices were housed in rented office space at various locations around Denville. Construction of the new space on the second floor of the Township Municipal Building started in December 2017 and the Board of Education moved in to the new location on June 1, 2018. Please join us as we formally open the new offices with a ribbon cutting ceremony.
