

Denville Township Special Services Department, PASS, and SEPAC are pleased to offer the following Parent Workshop:

Self-Regulation and Sensory Processing At Home and in the Community

A child's ability to process sensory information and self-regulate behavior and attention can be significantly impacted by the environment. This workshop will teach you how to set up the environment and provide sensory-based supports to enhance your child's performance and enable your child to sustain a regulated arousal level throughout the day.

Presented by: Denville Schools Occupational Therapy Department

Date: Wednesday April 25, 2018

Time: 7:00 p.m.

Location: Riverview School All Purpose Room
