

Taking Geometry next year?

Worried about being overwhelmed?

No idea what to expect?

Name	Construction	Point of Concurrence	Special Property	Example
orthocenter		orthocenter	The orthocenter H of $\triangle ABC$ is equidistant from each side of the triangle.	
centroid		centroid	The centroid G of $\triangle ABC$ is the point of concurrency of the medians of the triangle.	
circumcenter		circumcenter	The circumcenter O of $\triangle ABC$ is the point of concurrency of the perpendicular bisectors of the sides of the triangle.	
incenter		incenter	The incenter I of $\triangle ABC$ is the point of concurrency of the angle bisectors of the triangle.

GEOMETRY BOOT CAMP!

Many students struggle in Geometry due to the onslaught of vocabulary and weak Algebra 1 skills. This class has the specific goals of getting that vocabulary solidly understood and those Algebra 1 skills firmed up.

WHAT WE'LL COVER:

- Strengthening Algebra 1 skills
- Geometry Vocabulary
- Points, Lines, Planes, and Angles
- Polygon Properties and Formulas
- Conditional Statements
- Theorems and Postulates
- How to get through Proofs

CLASS TIMES:

Tuesdays/Thursdays 11 AM – 1 PM

Choose one or two sessions of four 2-hour classes:

- **Session 1:** 7/10, 7/12, 7/17, 7/19 **\$400**
- **Session 2:** 8/2, 8/7, 8/9, 8/14 **\$400**

*limit 8 students per session to maximize individualized attention.

Registration required by June 1st. All students must take a free Geometry Readiness Assessment prior to the start of the session selected. Session 1 or 2 can be taken as a readiness class. Students who enroll in Session 1 and 2 will cover these topics in more depth.

Classes will be held at Mathnasium of Denville located at 22 Broadway in Downtown Denville.

Call 973-784-4480 or email denville@mathnasium.com to make an appointment for the free Geometry Readiness Assessment and reserve your spot for the session.
